

Ampelos Views

The Location

In the pre-historical times, Geroskipou been joined with the adoration of Goddess Aphrodite. In conformity with the tradition, in the Geroskipou area, are found the Holy Gardens. Proof is the fact, that Geroskipou took her name, from the combination of the words, Holy and Garden (Geros and Kipos), preserving in such a way, her connection with the myth.

It is an ideally located village only 3 kilometres from the centre of Paphos, 7 kilometres from Paphos International Airport and 2 kilometres from the local popular sandy beach.

The village has all the amenities you could need such as banks, shops, taverna's, coffee shops, restaurants, supermarkets, bakeries etc.
